

FOR IMMEDIATE RELEASE: 10th DECEMBER 2015

## luxurious take on the modern chalet

Dalmore is truly a spectacle. From the stylish bedrooms to the wooden lounge features built from trees felled outside the property, every detail is crafted to perfection. A modern, yet comfy chalet, Dalmore is certainly the best place to stay in the whole of Chamonix. Our group had an unforgettable time staying at the Chalet and with a view onto the beautiful Alps from every angle Dalmore is surely the pinnacle of skiing accommodation. The addition of a personal chef who cooks and bakes for you every day is simply the icing on the cake!

Chalet Dalmore exceeded any expectations the layout gave a warm yet open-plan feel to it. The staff consistently went above and beyond the call of duty, whether this was the lovely food and wine (particularly enjoyed the steak, mash and mushroom sauce meal), the drivers who were always readily available, or just the little things like the chocolates on the pillow/water by the bedside. The main lounge/dining area was a great socialising space, likewise with the terrace which was a cool addition. To sum up the chalet it's a luxurious take on the modern chalet, great open-plan spaces with the facilities and technology to match, underpinned by a dedicated and thoughtful group of staff.

Chalet sleeps 10 on a fully catered basis with chalet team of Private Chef, two Hosts, Manager and Driver
